Hunt contractors are working overtime and 7 days a week to complete construction at the Franklin D. Roosevelt Ave. and Kamokila Blvd. intersection. Hunt's construction team is working with Costco Kapolei management to increase traffic flow in the area, and we have also installed additional signage to minimize driver confusion.

Curbs, gutters, and sidewalks are being put in along the 1,300-foot stretch of Kamokila Blvd. Access to Costco Kapolei, Kapolei Judiciary Complex, and Barbers Point Elementary School remains open. The FDR Ave. and Kamokila Blvd. intersection is currently scheduled to reopen in late July.

**FDR Ave:** Changes from 2-lanes to 4-lanes along the entire length of the project with two lanes in each direction. This new segment will have sidewalks on both sides of the road, which will increase walkability in the area.

**Kamokila Blvd:** Kamokila's 4-lane roadway extends into the Kalaeloa project. The Kamokila extension will also have two travel lanes going in both directions with bike lanes continuing on both sides of the roadway.

Hunt Companies contractors lay foundation of the Daniel Kahikina Akaka Department of Veterans Affairs Community-Based Outpatient Clinic

VA Community-Based Outpatient Clinic Rendering

Construction on the Daniel Kahikina Akaka Department of Veterans Affairs Community-Based Outpatient Clinic is progressing as planned.

The concrete foundation and underground utilities have been installed, and structural columns to support the clinic are being put into place.

Once Hunt Companies completes construction, the \$120 million VA facility will provide specialized health care for 87,000 Hawai'i veterans.

The 89,000-square-foot facility will offer primary care, mental health, audiology, physical and occupational therapy, dental and prosthetic services. The clinic is scheduled to open in late 2023.

In June 2021, Hunt began infrastructure construction and significant road improvements in Kalaeloa to prepare the area for the new VA clinic and new homes being built by Gentry Homes. This is part of Hunt's commitment to revitalize Kalaeloa and bring jobs and homes to the area for local residents.

We appreciate your patience and understanding as we work to create the foundation for the future of Kalaeloa. Our top priorities are to complete these necessary improvements as efficiently as possible while providing safe access in and around Kalaeloa with minimal interruption. Because this is a long-term project, we want to make sure you are able to get the updates you need in a timely manner. You will find them at our website, and if you have any questions, feel free to reach out to the email address below:
